

# LAMINAR JET

## ENGINEERED TO PERFORM DESIGNED FOR BRILLIANCE

Precision Laminar Flow Engineering NEW Smart Sync™ Technology  
Easy Service and Operation

### The Next Pool You Build Should Be Brilliant™

Introducing a brand new LED Laminar design, featuring multiple innovations including advanced LED lighting, Smart Sync™ technology, durable filter media and more. The Brilliant Wonders® LED Laminar has been carefully developed by CMP to achieve a precise balance of performance and reliability.

## PRODUCT FEATURES

- Bright and Efficient 8 Watt Cree® Colour LED Light
- Durable Stainless Steel Nozzle
- Easy to Install, Clean and Service
- Flush Install Deck Cover in Three Color Options
- Available in 12" and 8" Sizes
- Install in Pool Deck or Landscaping Areas
- ETL Listed
- Patent Pending

### 1. STAINLESS STEEL PRECISION NOZZLE

A high performance stainless steel nozzle is the premier choice for quality and durability.

### 2. PREMIER FILTER MEDIA

Six layers of soft and safe filtration media that are easy to clean and inexpensive to replace.

### 3. TANGENTIAL FLOW ENGINEERING

Precisely engineered flow minimises turbulence for a glass-like laminar flow, increasing light transfer and minimising water entry splash.

### 4. BEAM-FOCUSING LENS

Our unique beam-focusing lens design places the light source closer to the laminar nozzle, concentrating every photon for maximum LED light transfer and eye popping brightness.

### 5. SMART SYNC™ TECHNOLOGY

Available with Brilliant Wonders® Smart Sync programming to synchronize with lighting and controls from major pool OEMs.

### 6. IP68 WATERPROOF QUICK DISCONNECT

Absolutely the easiest LED laminar light to install and service. For the first time ever, use the quick-disconnect to remove the laminar cannon for service without pulling 100 feet of cord.
